

South of Embley Project

Environmental Impact Statement

This Environmental Impact Statement has been prepared to meet the assessment requirements for the Project under the *Environment Protection and Biodiversity Conservation Act 1999* (Cth).

Section 1	Executive Summary
Section 2	General Information and Background
Section 3	Description of the Proposed Action
Section 4	Relevant Matters of National Environmental Significance
Section 5	Threatened Species and Ecological Communities - Flora
Section 6	Threatened Species and Ecological Communities - Terrestrial Fauna

This Environmental Impact Statement (EIS) has been prepared to meet the environmental assessment requirements under Commonwealth law.

Pursuant to the *Environment Protection and Biodiversity Conservation Act 1999* (Cth), the Commonwealth Minister for Sustainability, Environment, Water, Population and Communities has decided that the South of Embley Project is a “controlled action” for which a EIS is required. This EIS is submitted to meet the requirements of the tailored EIS guidelines issued 9 July 2012 for the Project.

1 Executive Summary

2 General Information and Background..... 2-1

2.1	Introduction	2-1
2.2	Project Proponent and Environmental Record	2-4
2.3	Project Background and Rationale	2-6
2.4	Project Overview	2-7
2.5	Relationship to Other Projects	2-10
2.6	Consequences of Not Proceeding and Overall Benefits of the Project.....	2-11
2.7	Legislative Background	2-12
2.7.1	Commonwealth	2-15
2.7.2	Queensland	2-18
2.7.3	Local Government	2-20

3 Description of the Proposed Action 3-1

3.1	Overview	3-1
3.2	Location and Tenure.....	3-2
3.3	Construction and Operational Phases	3-5
3.3.1	Construction Phase	3-5
3.3.2	Operational Phase	3-7
3.4	Mining	3-8
3.5	Processing, Tailings and Stockpiling	3-9
3.5.1	Beneficiation Plants	3-9
3.5.2	Tailings	3-12
3.5.3	Product Stockpiles	3-12
3.5.4	Ore and Tailings Characterisation.....	3-13
3.6	Associated Infrastructure.....	3-19
3.6.1	Roads	3-19
3.6.2	Barge and Ferry Terminals.....	3-20
3.6.2.1	Piling	3-20
3.6.2.2	Humbug Barge Terminal	3-21
3.6.2.3	Hornibrook Ferry/Tug Terminal	3-23
3.6.2.4	Hey River Ferry/Barge Terminal	3-23
3.6.3	Mine Infrastructure Corridors	3-25
3.6.4	Construction Camps	3-25

3.6.5 Temporary Seaborne Access	3-27
3.6.5.1 Temporary Barge Landing Area near Pera Head	3-27
3.6.5.2 Temporary Passenger Jetty	3-29
3.6.6 Water Infrastructure	3-29
3.6.6.1 Water Supply	3-29
3.6.6.2 Water Supply Dam (Dam C)	3-30
3.6.6.3 Ward River	3-30
3.6.6.4 Groundwater Supply	3-30
3.6.7 Power Supply	3-31
3.7 Port Facility	3-32
3.7.1 Port Layout	3-32
3.7.2 Port Construction	3-35
3.7.3 Ship Loading	3-36
3.8 Dredging	3-37
3.8.1 Port	3-37
3.8.1.1 Capital Dredging	3-37
3.8.1.2 Maintenance Dredging	3-37
3.8.2 Barge, Ferry and Tug Facilities	3-38
3.9 Shipping Activities	3-39
3.9.1 Cargo, Fuel and Workforce	3-39
3.9.1.1 Construction	3-39
3.9.1.2 Operational	3-43
3.9.2 Bauxite Shipping	3-44
3.9.2.1 Fleet Characteristics	3-44
3.9.2.2 Bauxite Shipping Movements	3-46
3.9.3 Shipping Routes	3-47
3.9.3.1 SoE to Domestic Ports	3-47
3.9.4 Port of Gladstone	3-52
3.9.4.1 Ship Movements	3-53
3.9.4.2 Bunkering, Provisioning and Waste	3-53
3.10 Rehabilitation	3-55
3.10.1 Post Mining Land Use	3-55
3.10.2 Post-Mining Landform	3-55
3.10.3 Rehabilitation Strategy	3-59
3.10.3.1 History of Rehabilitation at Weipa	3-60
3.10.3.2 Soil Management	3-60
3.10.3.3 Revegetation	3-61
3.10.3.4 Rehabilitation Indicators	3-62

3.10.3.5	Rehabilitated Land Completion Criteria	3-63
3.10.3.6	Rehabilitation Management Plan	3-65
3.10.3.7	Consultation on Rehabilitation	3-65
3.10.4	Typical Rehabilitation Scenario	3-66
3.10.5	Maintenance	3-76
3.11	Decommissioning and Closure	3-77
3.12	Alternatives	3-78
3.13	Project Avoidance Measures	3-100
3.13.1	Project Planning	3-100
3.13.2	SoE Environmental Buffers	3-100
3.13.3	Water Supply Dam	3-101
3.13.4	Tailings Storage Facility Location	3-101
3.13.5	Offshore Anchorage Location	3-102
3.13.6	Construction Camp Location	3-102
3.13.7	Temporary Barge Area Location	3-102
3.13.8	Co-location of the Tug Berths adjacent to Hornibrook Terminal	3-102
3.13.9	Power Supply	3-102
3.14	Consultation	3-103
3.14.1	Rio Tinto Approach	3-103
3.14.2	Current Weipa Operations	3-103
3.14.3	SoE Consultation Approach	3-104
3.14.4	Communities	3-104
3.14.5	Stakeholders	3-104
3.14.6	Communication and Consultation Mechanisms	3-107
3.14.7	Publically Available Documentation	3-107
3.14.8	Public Consultation Summary	3-108
3.14.9	Phase 1 - Initial Consultation	3-108
3.14.10	Issues	3-110
3.14.11	Stakeholder Submissions	3-110
3.14.12	Action Plans and SIMP	3-110
3.14.13	Phase 2 - Recent Consultation	3-111
3.14.14	Issues	3-111
3.14.15	Draft Commonwealth EIS Public Comment Period	3-112
3.14.15.1	Stakeholder Submissions	3-112
3.14.16	On-going Stakeholder Engagement Strategy	3-112

4 Relevant Matters of National Environmental Significance	4-1
4.1 Introduction	4-1
4.2 Regional Ecological Context for Project Area and Shipping Routes	4-2
4.2.1 Mine, Port and Associated Infrastructure	4-2
4.2.1.1 General Overview	4-2
4.2.1.2 Regional Ecosystems	4-2
4.2.1.3 Terrestrial Fauna Community	4-8
4.2.1.4 Aquatic Ecosystems	4-8
4.2.1.5 Marine and Estuarine Habitats	4-11
4.2.1.6 Existing Use of the Project Area	4-18
4.2.1.7 Fire Regime	4-18
4.2.1.8 Feral Animals	4-20
4.2.1.9 Weeds	4-21
4.2.2 Shipping Activities	4-21
4.2.3 International Shipping Route	4-22
4.2.4 Domestic Shipping Routes	4-22
4.2.4.1 Torres Strait Route	4-22
4.2.4.2 Great Barrier Reef Routes	4-23
4.2.5 Port of Gladstone	4-23
4.3 Assessment Process	4-25
4.4 Assessment of the Project Area	4-28
4.4.1 Protected Matters Search	4-28
4.4.1.1 Controlling Provisions	4-28
4.4.1.2 Search Area and Results Summary	4-28
4.4.1.3 Commonwealth Marine Areas	4-29
4.4.1.4 Listed Threatened Ecological Communities	4-30
4.4.1.5 Listed Threatened Species	4-30
4.4.1.6 Listed Migratory Species	4-30
4.4.2 Matters of NES for the Project Area Requiring Further Assessment	4-30
4.4.2.1 Threatened Flora	4-31
4.4.2.2 Threatened Fauna	4-34
4.4.2.3 Estuarine and Marine	4-37
4.4.2.4 Avian Migratory	4-37
4.4.2.5 Non-Avian Migratory	4-47
4.5 Assessment of Shipping Activities	4-52
4.5.1 Background Assessments of the Great Barrier Reef	4-52
4.5.1.1 Great Barrier Reef Marine Park Authority Risk Assessment	4-52

4.5.1.2 UNESCO Reactive Monitoring Mission.....	4-54
4.5.2 Protected Matters Search	4-56
4.5.2.1 Controlling Provisions	4-56
4.5.2.2 Search Area and Results Summary	4-56
4.5.2.3 Great Barrier Reef Marine Park	4-58
4.5.2.4 World Heritage Area	4-59
4.5.2.5 National Heritage Places	4-59
4.5.2.6 Commonwealth Marine Areas	4-59
4.5.2.7 Listed Threatened Communities	4-59
4.5.2.8 Listed Threatened Species	4-60
4.5.2.9 Listed Migratory Species	4-61
4.5.3 Threats, Mitigation Measures and Likelihood of Impacts on Matters of NES from Project-related Shipping	4-61
4.5.3.1 Objective	4-61
4.5.3.2 General Approach to Shipping Impact Assessment	4-61
4.5.3.3 Collision and Grounding	4-62
4.5.3.4 Marine Oil Spills from Project-related Bauxite Shipping	4-65
4.5.3.5 Marine Oil Spills from Barges and Service Vessels.....	4-74
4.5.3.6 Bauxite Spills.....	4-75
4.5.3.7 Operational Discharges – Oily Mixtures from Bilges.....	4-77
4.5.3.8 Operational Discharges – Sewage.....	4-78
4.5.3.9 Operational Discharges - Garbage	4-79
4.5.3.10 Operational Discharges – Air Emissions	4-81
4.5.3.11 Vessel Noise	4-82
4.5.3.12 Lighting	4-84
4.5.3.13 Vessel Strikes on Marine Fauna	4-85
4.5.3.14 Marine Species Introductions.....	4-88
5 Threatened Species and Ecological Communities - Flora.....	5-1
5.1 Introduction	5-1
5.1.1 General Structure of Section.....	5-1
5.1.2 General Approach to Impact Assessment	5-3
5.2 Flora Survey	5-6
5.2.1 General Approach.....	5-6
5.2.2 Threatened Flora Surveys	5-15
5.3 <i>Calophyllum bicolor</i>.....	5-18
5.3.1 Species Profile.....	5-18
5.3.2 Survey and Results.....	5-18
5.3.3 Relevant Impacts	5-21

5.3.4	Avoidance, Mitigation, Enhancement Measures and Residual Impacts ..	5-23
5.3.5	Offset Measures	5-27
5.4	Cooktown Orchid (<i>Dendrobium bigibbum</i> [<i>Vappodes bigibba</i>])...	5-28
5.4.1	Species Profile.....	5-28
5.4.2	Survey and Results.....	5-29
5.4.3	Relevant Impacts	5-29
5.4.4	Avoidance, Mitigation, Enhancement Measures and Residual Impacts ..	5-34
5.4.5	Offset Measures	5-36
5.5	Chocolate Tea Tree Orchid (<i>Dendrobium johannis</i> [<i>Cepobaculum johannis</i>]).....	5-38
5.5.1	Species Profile.....	5-38
5.5.2	Survey and Results.....	5-38
5.5.3	Relevant Impacts	5-40
5.5.4	Avoidance, Mitigation, Enhancement Measures and Residual Impacts ..	5-44
5.5.5	Offset Measures	5-47
5.6	Ant Plant (<i>Myrmecodia beccarii</i>)	5-48
5.6.1	Species Profile.....	5-48
5.6.2	Survey and Results.....	5-48
5.6.3	Relevant Impacts	5-51
5.6.4	Avoidance, Mitigation, Enhancement Measures and Residual Impacts ..	5-54
5.6.5	Offset Measures	5-56
5.7	Beach Nightshade (<i>Solanum dunalianum</i>)	5-57
5.7.1	Species Profile.....	5-57
5.7.2	Survey and Results.....	5-57
5.7.3	Relevant Impacts	5-60
5.7.4	Avoidance, Mitigation, Enhancement Measures and Residual Impacts ..	5-62
5.7.5	Offset Measures	5-68
5.8	<i>Spathoglottis plicata</i>	5-69
5.8.1	Species Profile.....	5-69
5.8.2	Survey and Results.....	5-69
5.8.3	Relevant Impacts	5-71
5.8.4	Avoidance, Mitigation, Enhancement Measures and Residual Impacts ..	5-75
5.8.5	Offset Measures	5-78

6 Threatened Species and Ecological Communities - Terrestrial Fauna . 6-1

6.1	Introduction	6-1
6.1.1	General Structure of Section.....	6-1
6.1.2	General Approach to Profiling and Determining Habitat Preferences	6-3
6.1.3	General Approach to Impact Assessment	6-4
6.2	General Approach to Surveys	6-6
6.3	Red Goshawk (<i>Erythrotriorchis radiatus</i>)	6-18
6.3.1	Species Profile.....	6-18
6.3.2	Survey and Results.....	6-25
6.3.3	Relevant Impacts	6-29
6.3.4	Avoidance, Mitigation, Enhancement Measures and Residual Impacts ..	6-39
6.3.5	Offset Measures	6-46
6.4	Masked Owl (<i>Tyto novaehollandiae kimberli</i>)	6-48
6.4.1	Species Profile.....	6-48
6.4.2	Survey and Results.....	6-54
6.4.3	Relevant Impacts	6-57
6.4.4	Avoidance, Mitigation, Enhancement Measures and Residual Impacts ..	6-64
6.4.5	Offset Measures	6-68
6.5	Northern Quoll (<i>Dasyurus hallucatus</i>)	6-70
6.5.1	Species Profile.....	6-70
6.5.2	Survey and Results.....	6-77
6.5.3	Relevant Impacts	6-80
6.5.4	Avoidance, Mitigation, Enhancement Measures and Residual Impacts ..	6-87
6.5.5	Offset Measures	6-89
6.6	Bare-rumped Sheathtail Bat (<i>Saccolaimus saccolaimus nudiclunatus</i>)	6-95
6.6.1	Species Profile.....	6-95
6.6.2	Survey and Results.....	6-97
6.6.3	Future Surveys	6-102
6.6.4	Relevant Impacts	6-104
