

South of Embley Project Environmental Impact Statement

This Environmental Impact Statement has been prepared to meet the assessment requirements for the Project under the *Environment Protection and Biodiversity Conservation Act 1999* (Cth).

Section 7	Threatened Species and Ecological Communities - Estuarine and Marine Fauna
Section 8	Avian Migratory Species
Section 9	Non-Avian Migratory Species
Section 10	Commonwealth Marine Area

This Environmental Impact Statement (EIS) has been prepared to meet the environmental assessment requirements under Commonwealth law.

Pursuant to the *Environment Protection and Biodiversity Conservation Act 1999* (Cth), the Commonwealth Minister for Sustainability, Environment, Water, Population and Communities has decided that the South of Embley Project is a “controlled action” for which a EIS is required. This EIS is submitted to meet the requirements of the tailored EIS guidelines issued 9 July 2012 for the Project.

7 Threatened Species and Ecological Communities – Estuarine and Marine Fauna	7-1
7.1 Introduction	7-1
7.1.1 General Structure of the Section	7-1
7.1.2 General Approach to Detailed Impact Assessment.....	7-3
7.2 Benthic and Shoreline Habitats	7-5
7.2.1 Coastal habitats	7-9
7.2.1.1 Along-shore Sediment Transport	7-9
7.2.1.2 Cross-shore Sediment Transport.....	7-9
7.2.2 Detailed Reef Habitat Surveys	7-10
7.2.3 Dominant Reef Habitat Surveys.....	7-11
7.2.4 Inshore and Offshore Reef Habitats	7-11
7.2.4.1 Proposed Port and Temporary Seaborne Access	7-11
7.2.4.2 Proposed New Spoil Ground	7-16
7.2.5 Mangrove Habitat.....	7-16
7.2.6 Estuarine Habitat	7-18
7.2.7 Seagrass Habitat	7-19
7.2.7.1 Port Area Seagrass Distribution	7-19
7.2.7.2 Embley and Hey River Seagrass Distribution	7-20
7.2.8 Ward River and Norman Creek	7-23
7.2.9 Soft Sediment Habitat.....	7-23
7.2.10 Dredge Material Sediment Testing	7-25
7.3 Marine Turtles	7-26
7.3.1 General Overview.....	7-26
7.3.2 Species Profiles	7-32
7.3.2.1 Green Turtle (<i>Chelonia mydas</i>).....	7-32
7.3.2.2 Hawksbill Turtle (<i>Eretmochelys imbricata</i>).....	7-33
7.3.2.3 Flatback Turtle (<i>Natator depressus</i>)	7-37
7.3.2.4 Loggerhead Turtle (<i>Caretta caretta</i>)	7-39
7.3.2.5 Olive Ridley Turtle (<i>Lepidochelys olivacea</i>)	7-41
7.3.2.6 Leatherback Turtle (<i>Dermochelys coriacea</i>).....	7-43
7.3.3 Marine Turtle Survey Methodology and Results	7-45
7.3.4 Likelihood of Occurrence within the Project Area	7-49
7.3.5 Relevant Impacts on Marine Turtles.....	7-62
7.3.5.1 Dredging and Offshore Spoil Disposal	7-63

7.3.5.2 Marine and River Facilities Construction and Operations.....	7-69
7.3.5.3 Project-related Shipping.....	7-74
7.3.5.4 Summary of Relevant Impacts on Marine Turtles Prior to Mitigation	7-79
7.3.6 Avoidance, Mitigation, Enhancement Measures and Residual Impacts ..	7-79
7.3.6.1 Dredging and Offshore Spoil Disposal	7-79
7.3.6.2 Marine and River Facilities Construction and Operation	7-87
7.3.6.3 Project-related Shipping.....	7-92
7.3.6.4 Enhancements - Feral Pig Control Program	7-94
7.3.6.5 Summary of Residual Impacts on Marine Turtles Following Mitigation.....	7-95
7.3.6.6 National Recovery Plans.....	7-105
7.3.7 Offsets	7-105
7.4 Elasmobranchs	7-117
7.4.1 General Overview.....	7-117
7.4.2 Species Profiles	7-118
7.4.2.1 Freshwater Sawfish	7-118
Regional distribution and population	7-118
7.4.2.2 Dwarf Sawfish.....	7-121
7.4.2.3 Green Sawfish.....	7-124
7.4.2.4 Speartooth Shark	7-127
7.4.3 Elasmobranch Survey Methodology and Results	7-130
7.4.4 Likelihood of Occurrence within the Project Area	7-135
7.4.5 Relevant Impacts on Sawfish and the Speartooth Shark	7-144
7.4.5.1 Dredging and Offshore Spoil Disposal	7-144
7.4.5.2 Marine and River Facilities Construction and Operation	7-146
7.4.5.3 Dam C	7-146
7.4.5.4 Summary of Relevant Impacts on Elasmobranchs Prior to Mitigation	7-147
7.4.6 Avoidance and Mitigation Measures and Residual Impacts	7-147
7.4.6.1 Dredging and Offshore Spoil Disposal	7-147
7.4.6.2 Marine and River Facilities Construction and Operations.....	7-148
7.4.6.3 Summary of Residual Impacts on Elasmobranchs Following Mitigation.....	7-148
7.4.6.4 National Recovery Plan and Threat Abatement Plans	7-148
7.4.7 Offsets	7-152

8 Avian Migratory Species	8-1
8.1 Introduction	8-1
8.1.1 General Structure of Section	8-1
8.1.2 General Approach to Impact Assessment	8-1
8.2 Profiles, Regional Distribution and Potential Threats	8-4
8.2.1 International Migratory Shorebirds	8-6
8.2.2 Waterbirds	8-9
8.2.3 Seabirds	8-9
8.2.4 Raptors	8-13
8.2.5 Woodland Birds	8-14
8.2.6 Satin Flycatcher/Rufous Fantail/Black-faced Monarch	8-14
8.2.7 Barn Swallow	8-17
8.2.8 Aerial Species	8-17
8.3 Survey Methodology	8-22
8.3.1 General Approach	8-22
8.3.2 General Results	8-24
8.3.3 International Migratory Shorebirds	8-24
8.3.4 Waterbirds	8-32
8.3.5 Seabirds	8-32
8.3.6 Raptors	8-33
8.3.7 Woodland Birds	8-33
8.3.8 Barn Swallow	8-34
8.3.9 Aerial Species	8-34
8.4 Relevant Impacts	8-35
8.4.1 Direct Impacts Prior to Mitigation	8-35
8.4.2 Indirect Impacts Prior to Mitigation	8-36
8.4.3 Summary of Impacts Prior to Mitigation	8-37
8.5 Avoidance, Mitigation, Enhancement Measures and Residual Impact	8-39
8.5.1 National Recovery Plans and Threat Abatement Plans	8-40
8.6 Offset Measures	8-44

9 Non-Avian Migratory Species	9-1
9.1 Introduction	9-1
9.1.1 General Structure of the Section	9-1
9.1.2 General Approach to Detailed Impact Assessment.....	9-3
9.2 Benthic and Shoreline Habitats	9-4
9.3 Estuarine Crocodile	9-5
9.3.1 Species Profile.....	9-5
9.3.1.1 Regional Distribution and Population	9-5
9.3.1.2 Life Cycle	9-5
9.3.1.3 Ecology and Habitat	9-6
9.3.1.4 Threats.....	9-7
9.3.2 Estuarine Crocodile Survey Methodology and Results.....	9-7
9.3.2.1 Survey Methods	9-7
9.3.2.2 Survey Results	9-8
9.3.3 Likelihood of Occurrence within the Project Area	9-10
9.3.4 Relevant Impacts on Estuarine Crocodiles	9-10
9.3.4.1 Dredging and Offshore Spoil Disposal	9-13
9.3.4.2 Marine and River Facilities Construction and Operations.....	9-15
9.3.4.3 Dam C	9-16
9.3.5 Avoidance, Mitigation, Enhancement Measures and Residual Impacts ..	9-17
9.3.5.1 Dredging and Offshore Spoil Disposal	9-17
9.3.5.2 Marine and River Facilities Construction and Operations.....	9-18
9.3.5.3 Dam C	9-18
9.3.5.4 Enhancements	9-19
9.3.5.5 Summary of Impact Assessment on Estuarine Crocodiles	9-19
9.3.5.6 National Recovery Plan and Threat Abatement Plans	9-19
9.3.6 Offsets	9-19
9.4 Dugong.....	9-20
9.4.1 Species Profile.....	9-20
9.4.1.1 Regional Distribution and Population	9-20
9.4.1.2 Life Cycle	9-22
9.4.1.3 Ecology and Habitat	9-22
9.4.1.4 Threats.....	9-24
9.4.2 Dugong Survey Methodology and Results	9-24

9.4.2.1 Survey Methods	9-24
9.4.2.2 Survey Results	9-25
9.4.3 Likelihood of Occurrence within the Project Area	9-25
9.4.4 Relevant Impacts on Dugongs	9-25
9.4.4.1 Dredging and Offshore Spoil Disposal	9-28
9.4.4.2 Marine and River Facilities Construction and Operations.....	9-31
9.4.4.3 Project-related Shipping.....	9-34
9.4.5 Avoidance, Mitigation, Enhancement Measures and Residual Impacts ..	9-37
9.4.5.1 Dredging and Offshore Spoil Disposal	9-38
9.4.5.2 Marine and River Facilities Construction and Operations.....	9-39
9.4.5.3 Project-related Shipping.....	9-40
9.4.5.4 Summary of Residual Impacts on Dugongs Following Mitigation	9-41
9.4.5.5 National Recovery Plan and Threat Abatement Plans	9-43
9.4.6 Offsets	9-43
9.5 Cetaceans	9-47
9.5.1 Species Profiles	9-47
9.5.1.1 Australian Snubfin Dolphin	9-47
9.5.1.2 Indo-Pacific Humpback Dolphin	9-50
9.5.1.3 Bryde's Whale	9-52
9.5.2 Cetacean Survey Methodology and Results	9-54
9.5.2.1 Survey Methods	9-54
9.5.2.2 Survey Limitations	9-55
9.5.2.3 Results - Indo-Pacific Humpback Dolphin	9-57
9.5.2.4 Results - Bryde's Whale	9-57
9.5.3 Likelihood of Occurrence within the Project Area	9-57
9.5.4 Relevant Impacts on Cetaceans.....	9-63
9.5.4.1 Dredging and Offshore Spoil Disposal	9-63
9.5.4.2 Marine and River Facilities Construction and Operations.....	9-66
9.5.4.3 Project-related Shipping.....	9-68
9.5.5 Avoidance, Mitigation, Enhancement Measures and Residual Impacts ..	9-71
9.5.5.1 Dredging and Offshore Spoil Disposal	9-71
9.5.5.2 Marine and River Facilities Construction and Operations.....	9-72
9.5.5.3 Project-related Shipping.....	9-72
9.5.5.4 Summary of Residual Impacts on Cetaceans Following Mitigation	9-73
